

Announcement

AE Oversight Monitoring Webcast Now Available in AE Information Center

ODP Communication Number: Announcement 053-15

The mission of the Office of Developmental Programs is to support Pennsylvanians with developmental disabilities to achieve greater independence, choice and opportunity in their lives.

AUDIENCE: All Administrative Entity (AE) Staff participating in the AE Oversight Monitoring Process (AEOMP)

PURPOSE: This webcast describes the Administrative Entity Oversight Monitoring (AEOM) Process with a focus on successful navigation of the AEOM database and the Office of Developmental Programs (ODP's) expectations for the AE in the completion of the AEOM process.

DISCUSSION:

The AE Oversight Monitoring Process was developed in order to meet the Centers for Medicare and Medicaid Services (CMS) Waiver assurances. CMS is the federal authority that provides funding and oversight of the Consolidated and Person/Family Directed Support (P/FDS) Waivers in Pennsylvania.

The Office of Developmental Programs has the responsibility to retain ultimate authority and responsibility for the operation of the waivers and to exercise oversight over the performance of waiver functions by other entities and providers of service. The AE Oversight Monitoring Process was developed to ensure that Administrative Entities consistently apply and implement ODP policies and practices in the assurance of waiver services.

This webcast describes the Administrative Entity Oversight Monitoring (AEOM) Process with a focus on successful navigation of the AEOM database and ODP's expectations for the AE in the completion of the AEOM process.

To access this information follow this pathway on the ODPConsulting.net website: ODP Information Centers (upper left side) > ODP Administrative Entity Information Center > ODP Business Practice Information > AE Oversight Monitoring > Introduction > Administrative Entity Oversight Monitoring Process Webcast (PD)
