

COVID-19 Economic Impact Payments

From ANCOR:

Dear ANCOR members,

We have heard from our coalition partners that the Administration will begin sending out COVID-19 economic impact payments in the next three weeks. While this will be automatic for those who file tax returns, **people who do not typically file tax returns will need to submit a simple tax return to receive the stimulus payment.**

The Internal Revenue Service (IRS) has prepared a webpage with more information. Here is the [IRS' guidance specific to the stimulus payment](#) and here is the [IRS' COVID page](#).
