DOH Releases Post-Acute Care & LTC COVID-19 Toolkit

The Department of Health recently released a COVID-19 toolkit that was developed for post-acute care and long-term care providers. The toolkit includes the following documents that can assist with preparedness assessment, tracking logs, notification letters to families, and much more:

- [CDC Messaging for Nursing Home Infection, Prevention, and Control](#)
- [COVID-19 Symptomatic Line List Template](#)
- [EPA Registered Antimicrobial Products](#)
- [Family Letter Confirmed Cast Template](#)
- [Healthcare Facility Exposure Tracking Log](#)
- [Steps to Conduct Contact Tracing](#)
- [10 Initial Steps for Long-term Care Facilities with Confirmed Case](#)
- [LTCF Preparedness Assessment – Abbreviated](#)
- [Active Screening of Residents](#)
