## DSP Recruitment in Times of Crisis

During this time of uncertainty, Pennsylvania's direct care workers are our heroes, making sure some of our most vulnerable residents get the services they need. RCPA is doing all it can to support their work and remains committed to ensuring our direct care work force stays strong. Thank you to everyone who is doing their part --- and to those who will help us fulfill this important and life-affirming mission when this pandemic passes.

We know that many people find themselves unemployed at this time and may be wondering what their future holds. This could be a good time to consider a change in career. As a result, ANCOR produced a brief video and has made it available for members to use. This video reaches out to those who are unemployed, who may now consider a job in human services. The video provides a glimpse into what it means to be a DSP. Please like and share this [post](#).
