Approximately 6.6 million (and growing) employees in industries like retail and hospitality are looking for temporary work to supplement their lost income.

OnShift has developed a free [Recruitment Toolkit](#) that features templates and best practices to help you stand out and recruit these displaced workers. Inside you'll find...

- Job posting modifications to target displaced workers;
- Talking points & email templates for outreach to closed local businesses;
- Social media templates & recruitment tips you can use today; and
- Virtual interview best practices & tools.

While this tool is geared toward recruitment for senior care, the principles apply to all human service work.
