

ANCOR Virtual Annual Conference April 27 – 30, 2020

SHAPING POLICY • SHARING SOLUTIONS • STRENGTHENING COMMUNITY

Browse Sessions and Virtual Exhibits for Next Week's 2020 ANCOR Virtual Annual Conference *Monday, April 27 - Thursday, April 30*

Next week, we're using ANCOR's Virtual Annual Conference to bring you a combination of sessions and exhibitors hand-picked to help you manage through some of the top challenges facing your organization during the COVID-19 pandemic.

From a timely keynote by Dr. Al Condeluci on coping with loneliness during indefinite social-distancing and isolation to partners featuring streamlined service models and beneficial software solutions to panel discussions on employment and a chat with Dr. Tom Pomeranz on building a culture of connectedness, we've curated our first-ever Virtual Annual Conference to be tailored to your most pressing needs right now.

Did we mention that it's all completely FREE!? It is! Visit ancor.org/2020Conference to see the full agenda, and note that you will need to register for each individual session you plan to attend and each exhibitor you plan to visit.

We hope you'll take some time out of your busy schedule to join your peers for [ANCOR's 2020 Virtual Annual Conference](http://ancor.org/2020Conference).

If your COVID-19 challenge is this:

You won't want to miss this:
