APSE Announces 2020 Virtual Conference

Announcing the 2020 APSE Virtual Conference

The 2020 APSE National Conference has been redesigned and will now take place as an extended virtual learning experience!

You will get over 30 hours of engaging content delivered by employment first experts, leaders, educators, and practitioners. The program for this virtual conference remains as dynamic and robust as you've come to expect of the onsite version and will include 3 general keynotes, 30 educational sessions, panels, and workshops, as well as awards presentations, networking opportunities, regional and content specific meetings, and much more!

Registration Bonus! Registered attendees for the virtual conference will have access to all presentation recordings through 12/31/2020.

Thank you! We are grateful for your patience and support as APSE works to transform the 2020 APSE National Annual Conference into an amazing new opportunity. The success of our virtual conference will depend on all of us working together and creating a common space – and purpose – as we build a dynamic, interactive, and inclusive connected virtual experience.

June 16 Is Just the Beginning

- The virtual conference will take place over six weeks, with at least **FIVE** educational sessions per week
- Access recorded sessions and continue to connect with attendees, speakers and sponsors through 12/31/2020 following the virtual event
- Watch the sessions as many times as you like to double-check something in your notes or refresh your memory

Flexible Schedule

- 24/7 access on your desktop or mobile device
- Flexible, extended, multiple-week format
- **Access to all sessions**—live or recorded—so you can attend **EACH ONE!**

Timely Information

- Up-to-date information that will continue to evolve up to the conference, including experts who will address the challenges of COVID-19
- Informative downloads available to access during or after the conference
- Leading experts, practitioners, and educators will be available to share resources and share answers to the questions you have now

Cost Savings

- No travel costs!
- More time to focus on other priorities because you won't have to leave your home or office
- With over 30 sessions, each one is less than \$20 a session!
- Did we mention no travel costs?

Enhanced Connections

- Networking options that include live Q/As with speakers, live chats, video meetings, online messages and more
- Easy ways to find people in an online setting rather than hoping you'll run into them in a vast conference space
- Intentional opportunities to network and collaborate on specific topics, job categories, and by region

You'll Enjoy Some Fun, Too

- Virtual APSE Trivia and Karaoke anyone?
- Interact with colleagues and experts in real-time with live chats and online messaging, virtual happy hours, and impromptu virtual meetings
- We all need connection now more than ever. Since we can't see each other in June, let's make this an experience we will never forget
