DDAP Announces Additional Webinars

Today, the Department of Drug and Alcohol Programs announced the following webinars. Please click on the title of the webinars for further information.

[Psychological First Aid During COVID-19](#) | April 29, 3:00 to 4:30 pm

Psychological First Aid (PFA) provides a set of clinical tools to lessen the intensity and duration of post-traumatic stress disorder. This presentation will allow participants to explore options to apply PFA to patients receiving treatment during COVID-19. Participants will identify treatment options to meet the ongoing needs of patients after receiving PFA. Participants will also identify ways they can protect themselves from secondary trauma while providing PFA. *Additionally, the National Association for Addiction Professionals (NAADAC) has a wide array of previous webinar recordings at the bottom of their [COVID-19 Resources](#) page.*

[Tips for talking with your teen and how SAP can be a resource webinar](#) | April 30, 10:00 am

Sponsored by the Westmoreland Drug & Alcohol Commission

[Trauma-Informed, Resilience-Oriented Leadership During a Pandemic](#) | May 11, 6:00 – 7:00 pm

Sponsored by the Mental Health technology Transfer Center Network (MHHTC)

[Responding to COVID-19 – Telehealth](#)

Numerous upcoming webinars and webinar series related to Telehealth from MHHTC
