Topics to include: Considerations regarding Face to Face visits resuming, how to handle COVID related supports changes if they start exceeding the amount of days that we have attached in the new FY plan? Another round of spreadsheets to complete and send to us from providers, and then over cap people again to ODP or would it be just a blanket continuation? Those who are over cap for services, and we are back in the “new normal,” and family is saying that they are unable to reduce back down to their previously authorized service does ODP see a possible increase in fair hearings?

11:30 **Adjourn**
