

## PA Workforce Development Association Conference

### PWDA Virtual Annual Conference October 21-23, 2020

#### **PWDA is excited to announce registration has reopened for the annual conference!**

PWDA would like to thank its members and partners for their patience and continued support during this challenging time. We have been continuously monitoring the Coronavirus (COVID-19) and health situation in Pennsylvania. We continue to encourage everyone to practice safe wellness habits and social distancing as recommended by the CDC and PA Department of Health.

The health and safety of our staff, members, and partners is our highest priority. After careful consideration, in light of the current CDC guidelines limiting gatherings to less than 250, we have made the decision to change the in-person conference to a virtual conference.

All current registrations have automatically been transferred to the virtual conference. Additional details can be found on our [conference page](#).

Benefits of the virtual conference:

- Access to over 60 workshop presentations (you no longer have to choose which ones to attend!)
- Access to all plenary sessions
- Access to the state secretaries panel
- Access to the Employer and Individual Award Ceremonies
- Access to networking sessions with your colleagues, as well as our valued exhibitors and sponsors
- Access all components of the conference at your convenience, from the comfort of your office/home.
- Access to recorded events for at least 30 days after conference

We are currently working with presenters to finalize details of the workshops, and will post a updated schedule within the coming weeks.

We look forward to your participation!
