FREE Member Webinar – Cannabis: Where Are We Now?

FROM ANCOR PLATINUM PARTNER GREENWICH BIOSCIENCES

Thursday, August 20, 1pm EDT

[Click Here to Register](#)

Cannabis has been the focus of considerable debate, advocacy, and policy, generating both interest and misinformation.

In this webinar you will learn about cannabinoids and cannabis, FDA-approved versus non FDA-approved, current regulation of cannabis-based products, and resources for continued learning.

Join us for an overview of Cannabinoid science focused on CBD and THC, as well as an update on the current legal landscape of cannabis in the United States.

Speakers:

- **Jessica Wolfe**, Senior Director, Government Affairs, Greenwich Biosciences
- **Dr. Jennifer Triemstra**, MS, PhD, Senior Manager, Medical Affairs, Cannabinoid Education, Greenwich Biosciences
