

Attachment 1 – Non-Residential Service Locations that are Presumed to have Institutional Qualities

The table below reflects service locations that providers identified through the HCBS Provider Settings Self-Assessment or that the Office of Developmental Programs (ODP) identified as having the potential to have qualities of an institution due to their physical location. ODP will be performing onsite reviews for the identified service locations.

If you are aware that a provider has moved from the service location address listed below or has closed this service location, please submit this information as part of your public comment.
