

10/6 D&A Committee Meeting Follow-up: DDAP Trainings

On yesterday's D&A Committee conference call, Tim Rader from the Department of Drug and Alcohol Programs (DDAP) provided the group with updates on DDAP trainings. Mr. Rader provided some updates this morning on issues discussed yesterday. The updates are as follows:

- DDAP is continuing to work out issues with the TRAIN PA platform. The Confidentiality module had to be taken down momentarily but should be back up by Thursday afternoon, October 8. Once the platform is functioning, DDAP will send out an announcement to D&A providers. Anyone who has completed a module but is unable to access a certificate, please call (717) 736-7452 or email ra-datraincoor@pa.gov. DDAP will work with the provider to resolve the issue. DDAP apologizes for any inconvenience caused to RCPA members.
- DDAP has worked through some challenges regarding scheduling additional CST trainings. DDAP has approved the additional options below. There is also a process for seeking approval for CST courses not shown below, which can be found [here](#).
 - [CS Mastery Course – Lois Ehrmann](#)
 - [Havana Wellness Studio](#)
 - [Relias Academy](#)
 - [Distance Learning Center, LLC](#)

Questions, contact [Jack Phillips](#).
