

A free webinar series on
**Financial Empowerment for
People with Disabilities**

Top Five Funding Resources for Assistive Technology in Pennsylvania

Wednesday, December 16
4:30 – 5:15 p.m.

For people with disabilities and health conditions, as well as older adults, assistive technology (AT) can greatly improve quality of life. But AT can be expensive and accessing funding can be complicated, making it difficult to get the exact device you want, when you want it, and from the vendor of your choice. Every year Pennsylvania Assistive Technology Foundation (PATF) helps hundreds of people navigate the maze of programs and funding options for AT. In this webinar, presenters David Gates, PATF Board Member and Senior Attorney with Pennsylvania Health Law Project and Susan Tachau, PATF Chief Executive Officer will lead you through the top five funding resources for AT in Pennsylvania and offer some insider tips on funding AT from personal experience.

Join us to learn about:

- Creating an assistive technology funding strategy;
- Choosing a funding resource for your AT in Pennsylvania;
- How to braid multiple funding resources;
- Advocating for what you want and need; and
- Appealing funding denials.

For questions or help with registration, please contact Megan Bolin at 888-744-1938 or mbolin@patf.us.

Join us and gain the tools you need to have an impact.

*Each **Money Talks** webinar hosted by Pennsylvania Assistive Technology Foundation will provide information and resources to handle the unique financial issues that impact individuals with disabilities, including new challenges that have arisen as a result of the COVID-19 pandemic. If you are a person with a disability, a family member of someone with a disability, an advocate, an educator, or a service provider, this series is for you. Each session will be fully accessible and recordings, transcript, and slides will be made available.*
