

Are They Always Listening? How Secure is my Smart Speaker?

Wednesday, June 2, 2021

12:00 – 12:45 p.m.

30 minutes of interactive learning, 15 minutes for questions

This presentation will answer questions related to privacy and security with smart speakers such as Amazon Alexa and Google Nest.

Attendees will learn:

- How smart speakers work;
- How their security compares to other everyday devices like cell phones;
- How smart speakers “listen” and “understand”;
- What information speakers retain; and
- How you can protect yourself.
