

HEAL PA

HEALING - EMPOWERMENT - ADVOCACY - LEARNING - PREVENTION - ACTION

WHAT IS HEAL PA?

HEAL PA is an army of over 100 volunteers from a wide variety of fields, geographies, ethnicities and life experiences, including several former think tank members and multiple trauma survivors, that has been assembled to serve on 14 action teams focused on implementation of the Trauma-Informed PA plan. Branded as HEAL PA, this mix of state agency representatives and community stakeholders from all across the commonwealth is responsible for prioritizing the recommendations, setting short and long term goals, and assigning accountabilities to make the plan recommendations a reality. Action teams are expected to push the envelope to ensure PA not only keeps up with the latest science and trends in trauma and ACEs, but sets the bar for planning, innovation, and action.

OUR VALUES

To build trust, to connect, to be heard, and to be validated are basic human needs. HEAL PA is a team of people that want to empower our communities to heal our traumas. To help us to rebuild trust, to listen, to reconnect, and to empower one another, so that we can improve how our state approaches trauma.

Our values are: acceptance, equity, inclusion, resilience, safety, and self-care.
