Employing individuals with disabilities: Myths, Facts, and Data
Large and small companies around the country have shown that hiring employees with disabilities benefit businesses and the community. That's because people with disabilities bring unique characteristics and talents to the workplace that benefit employers and organizations. If we find the right jobs for the right people, the bottom line of companies will increase. Many businesses have been hit hard by the COVID 19 pandemic and at the forefront of rebuilding the economy, is hiring employees with disabilities. This presentation will address myths, provide facts and data, along with strategies for businesses to achieve success in diversifying their workforce through hiring employees with disabilities.
