## OPERATION EXPANDED TESTING

*100% Fully Funded COVID-19 Testing Program*

# It is Why Operation Expanded Testing Was Created

## Operation Expanded Testing (OpET)

OpET, created by HHS and the DOD\*, provides group and individual COVID-19 testing to PK-12 schools, historically black colleges & universities, state corrections institutes, congregate settings, and underserved populations at no cost

- **Total Funding:** \$650M
- **Timing:** May 2021 - June 2022
- **# of Regions:** 4

\*Note: Perkin Elmer <https://color.jotform.com/211686019284863> covers the West and Mid West

This project, which is managed by the Department of Health & Human Services (HHS) and Department of Defense (DOD), has been funded in whole by the U.S. Government under Agreement No. W52P1J-21-9-200. The US Government is authorized to reproduce and distribute reprints for Governmental purposes notwithstanding any copyright notation thereon.

# Operation Expanded Testing

## Delivered by Eurofins Labs and Logistic Support by Ginkgo

### Eurofins

- Global leader in testing
- 25 million+ COVID-19 tests completed since March 2020
- Has the most sensitive COVID test available

### Concentric by Ginkgo

- Run 10 active K-12 state-sponsored COVID-19 testing programs
- Serves 18 states with COVID-19 testing
- Collects 220,000 samples weekly
- Manages the collection and reporting portal

# Operation Expanded Testing – How Does It Work?

## REGISTER

Register your organization online (takes ~10 minutes)

- Org name
- Contact Info
- Testing Population
- Est Start Date

## TRAIN

Receive turn-key training, materials, and support to setup, collect, and access results (takes ~90 minutes)

## GATHER

Gather consent, using our supplied form from individuals to be tested

(students under the age of 18 must get consent)

## TEST

Test population\* (PCR or Rapid), pack PCR in shipping box for our courier to pick up and ship to lab

Rapid Results Received within 20 Minutes

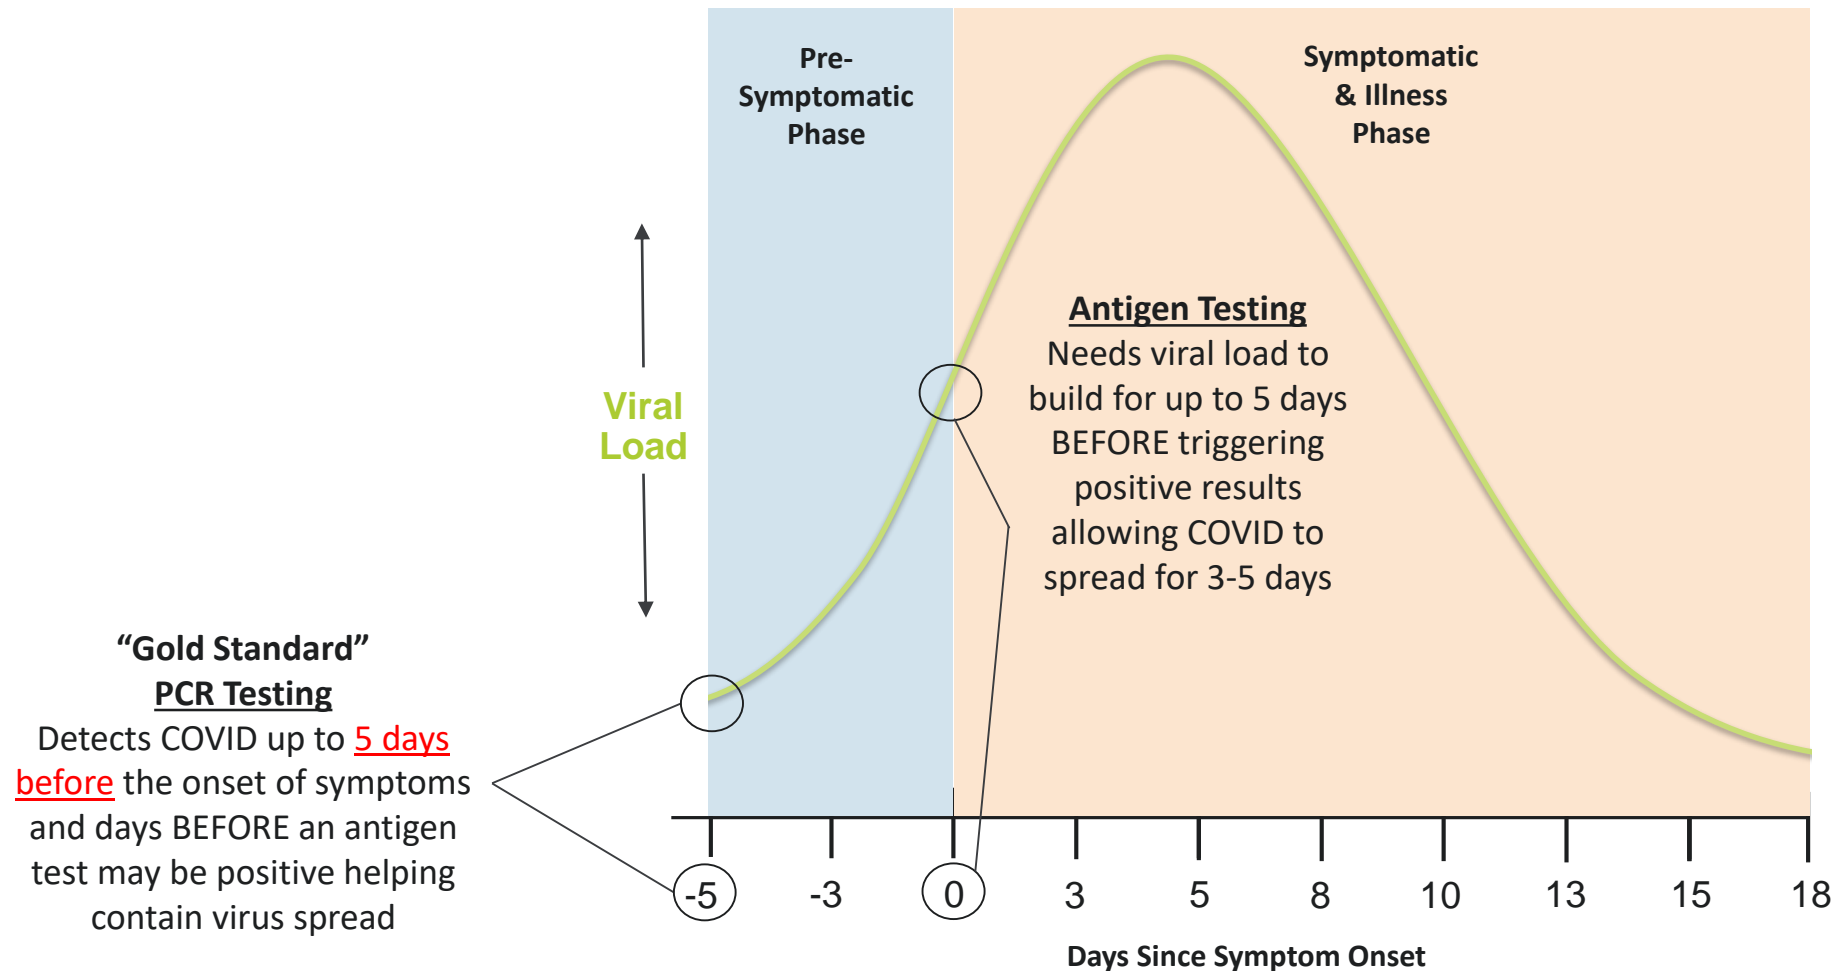

## RESPOND

Receive PCR results via HIPAA-compliant online portal within 24-48 hours

\* Funding may be available for collector costs

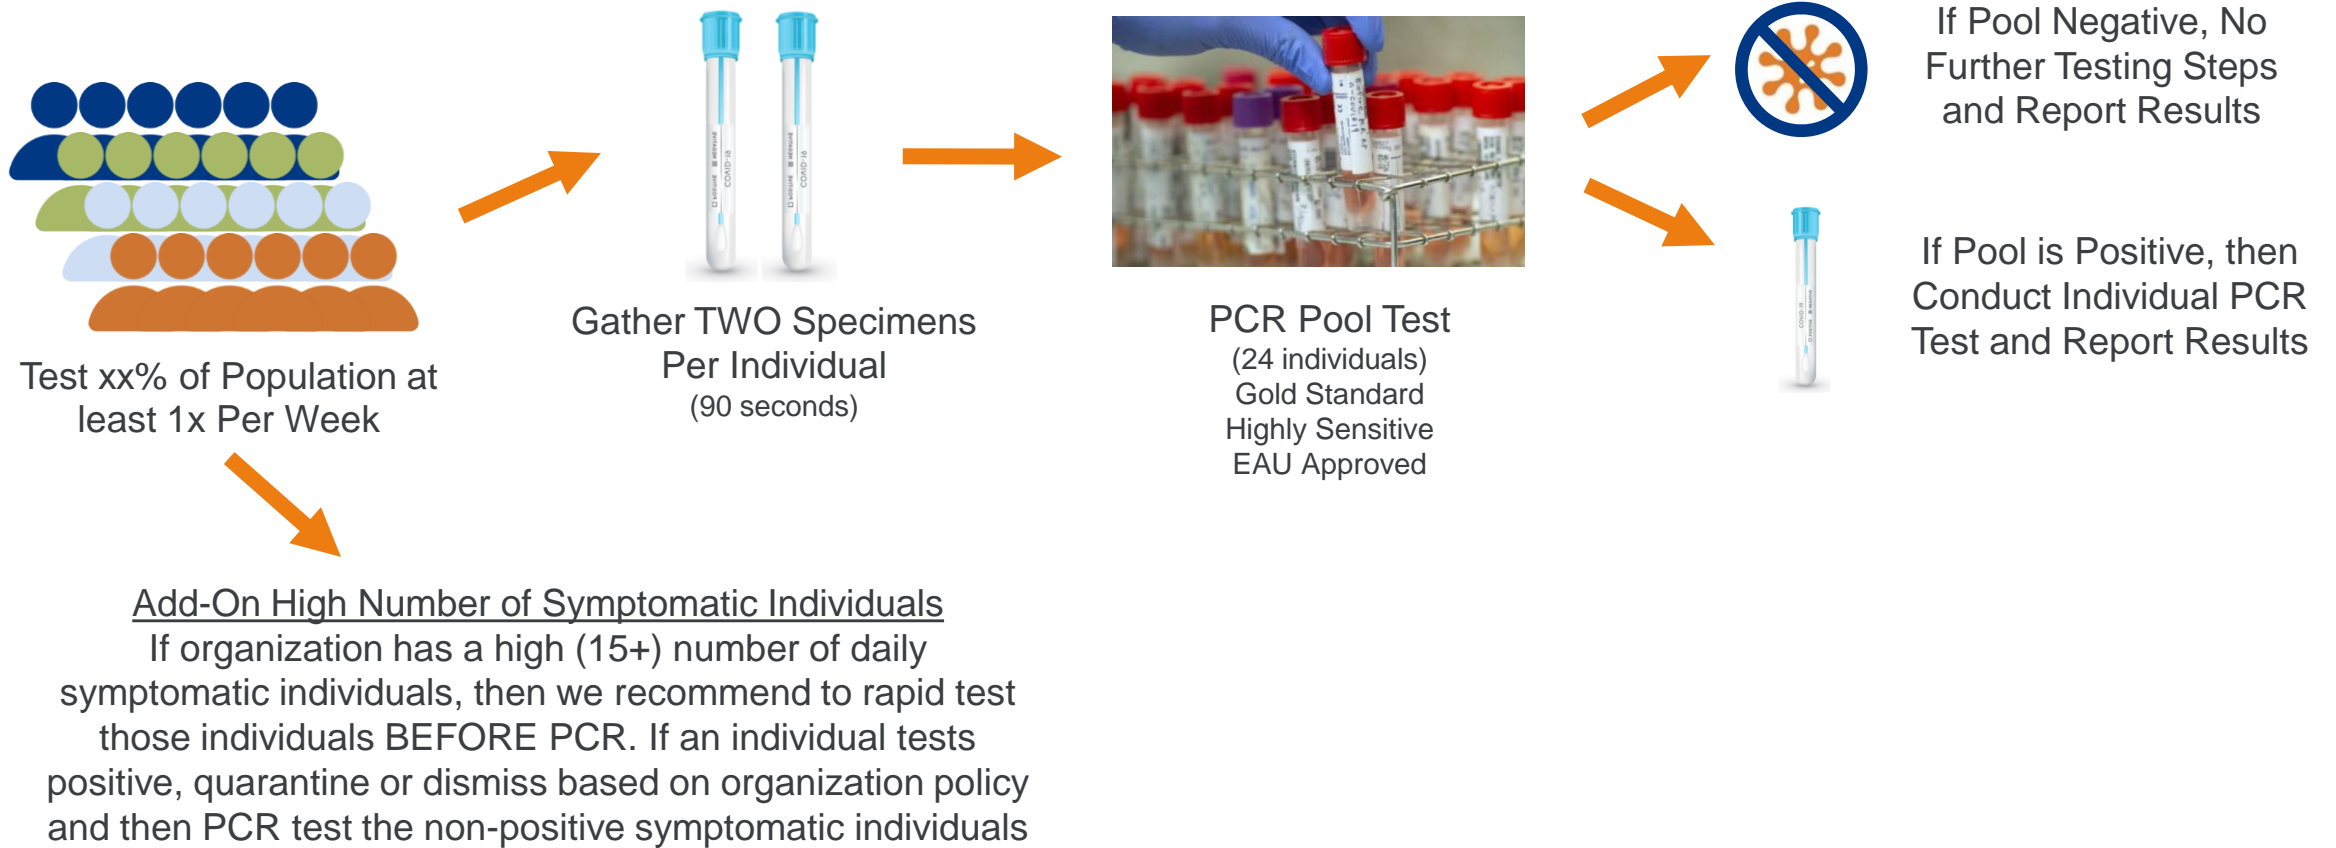

# Tests: Eurofins Uses “Gold Standard” PCR Test and Complements, When Needed, with Rapid Antigen Test

1. Viracor Eurofins Clinical Diagnostics, Viracor SARS-CoV-2 Assay (PCR), 180 NDU/ml

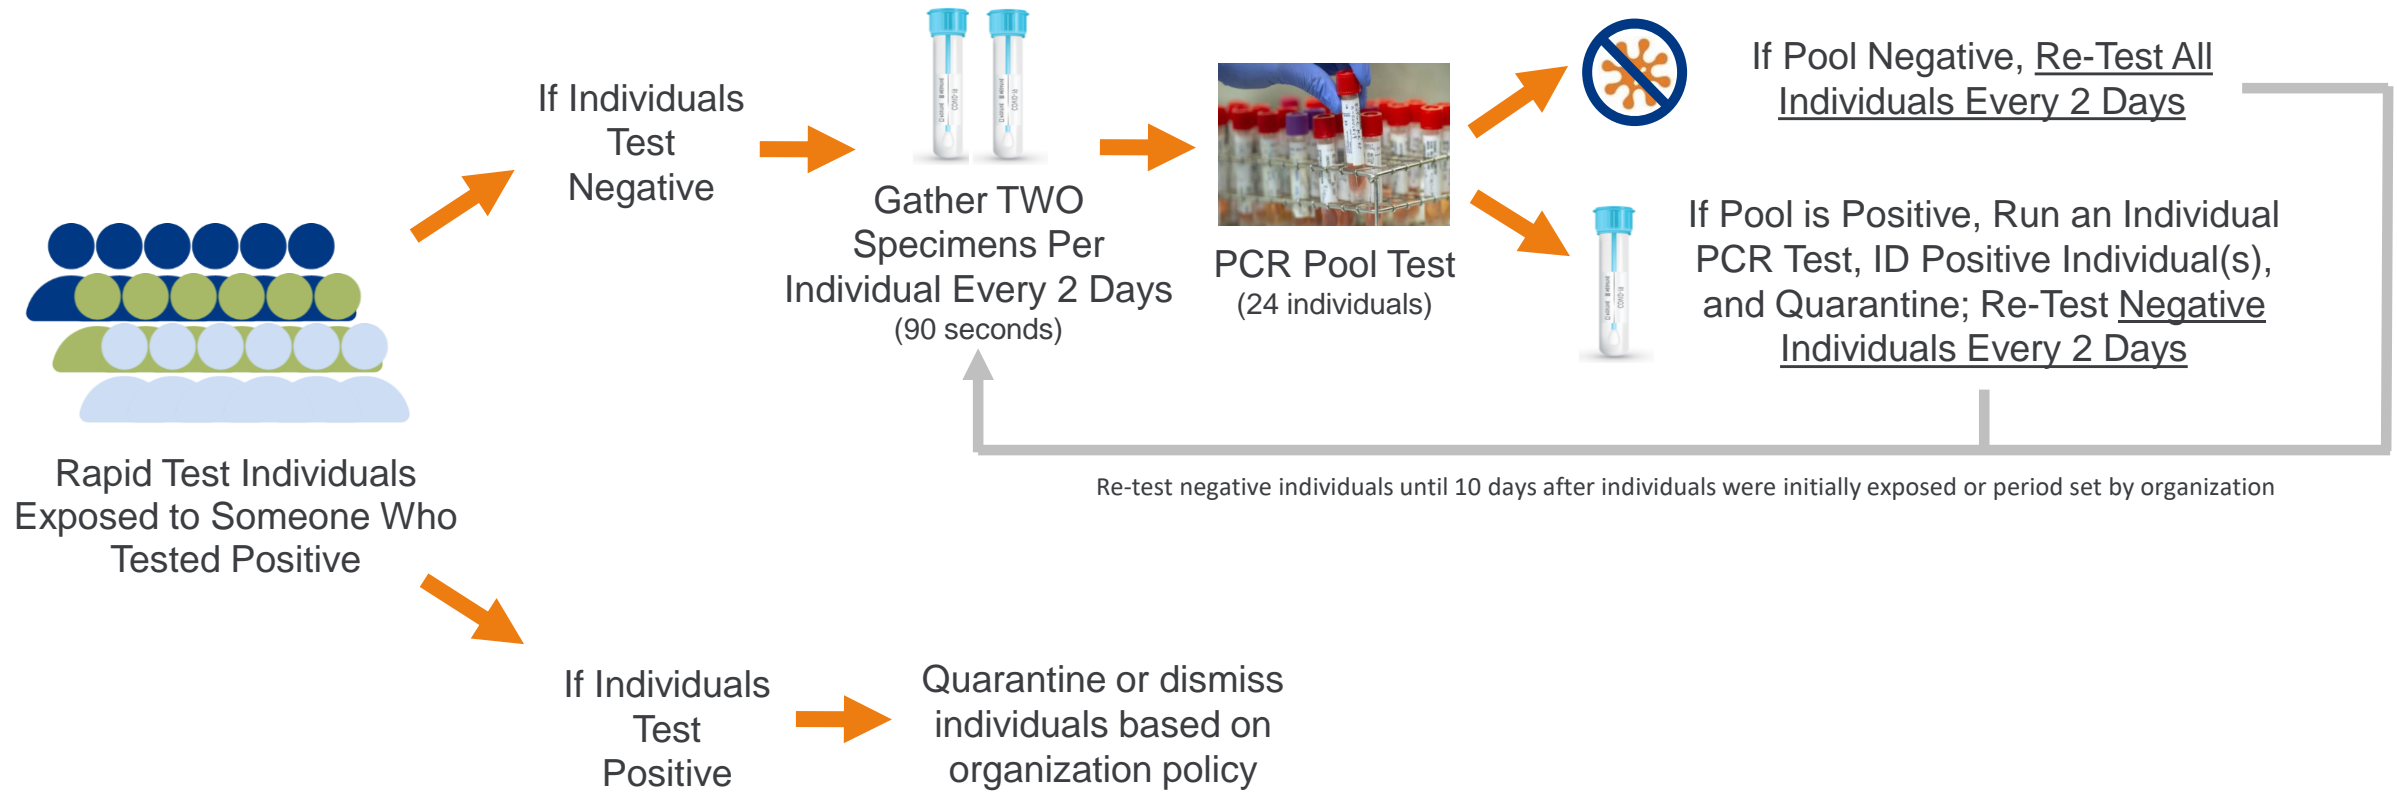

# Approach 1: Pool & Individual Testing (with Add-On)

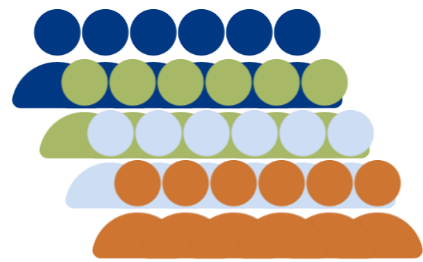

## Approach 2: Test-to-Stay Rapid & PCR

# Test-to-Work Pool & Individual Testing

Individual Workers in Need  
of Testing

Gather TWO Specimens  
Per Individual  
(90 seconds)

PCR Pool Test  
(24 individuals)  
Gold Standard  
Highly Sensitive  
EAU Approved

If Pool Negative, No  
Further Testing Steps  
and Report Results to  
Individual

If Pool is Positive, then  
Conduct Individual PCR  
Test and Report Results to  
Individual

# Overall OpET Program Benefits

**Flexible** testing experiences and the ability to adjust testing plans as needed.

Testing at **no cost** to the school for classrooms as well as athletics, after school programs, summer school, and more

**Confidence** in having a plan to rapidly identify and limit the spread of COVID-19.

**Easily** and quickly implemented processes built on industry best practices and informed by years of experience.

**Timely** notifications of test results.

A sense of **wellness and security** for parents, teachers, staff, and students

# Summary

- **No Contract** needed
- **No Charge** to the State, departments, facilities. OET is **100% funded** through **US DHHS**
- **No Exclusivity** - Organization can end testing at any time for any reason
- **All Supplies** are sent to testing location (2) weeks in advance
- **All Training** is supplied
- **No Charge** - courier services; we coordinate specimen pickup and supply delivery
- **No Waiting** to get another sample; **Auto** retesting (reflex) if PCR pooled group is found to be positive.
- **No Cost Rapid Testing** - Antigen testing is available for program options; when used in conjunction with PCR pooled testing program .
- **24 Hour Results** turnaround (TAT) PCR
- **Reporting** - fully automated and HIPAA compliant using Concentric by Ginkgo.
- **Testing Flexibility** - facility can determine their own testing frequency, specific PCR pooled groups of 5- 24 at a time.
- **Staff** - can participate in the OET program

Let's begin the process; please provide the following information to help facilitate getting you setup .

- Organization name:
- Site Location location/sites:
- # of testing participants per week:
- Primary contact person for each site:
- Primary contact email:
- Primary contact phone #:
- Once received, I will place information into a spreadsheet (that day) and send to our logistics group Ginkgo.
- 48 hours later; each site will see an email come through related to setup process and activation .

The flyer is a vertical document with a blue and orange color scheme. At the top left is the Eurofins Clinical Enterprise logo. The main title is 'OPERATION EXPANDED TESTING FOR FULLY FUNDED COVID-19 TESTING'. Below this, a paragraph states that through an agreement with the Department of Health and Human Services, Eurofins is offering fully funded testing to communities in the states shown on a map of the United States, as well as Washington D.C., Puerto Rico, and U.S. Virgin Islands. A list of eligible communities includes public and private K-12 schools, underserved populations, congregate settings, and historically black colleges and universities. A circular callout on the right says 'Fast results for informed decision making'. Another circular callout at the bottom right says 'NO COST TESTING IS AVAILABLE HELP RAISE AWARENESS' and encourages sharing information with local communities. A section titled 'WHAT TESTING IS COVERED?' explains the pooled testing PCR protocol and the 24-48 hour turnaround. A 'LEARN MORE' section provides contact information for the program. The bottom of the flyer features the tagline 'Eurofins is Testing for Life'.

## OPERATION EXPANDED TESTING FOR FULLY FUNDED COVID-19 TESTING

Through an agreement with the Department of Health and Human Services, Eurofins is offering fully funded testing to communities in the states shown as well as Washington D.C., Puerto Rico, and U.S. Virgin Islands.

Eligible communities include:

- Public and Private K-12 schools
- Underserved populations
- Congregate settings
- Historically black colleges and universities

Fast results for informed decision making

NO COST TESTING IS AVAILABLE  
**HELP RAISE AWARENESS**  
Share this information with your local communities and agencies so they can enroll in this program

### WHAT TESTING IS COVERED?

This program uses a pooled testing PCR protocol to report results within 24-48 hours to identify non-symptomatic, pre-symptomatic, and minimally symptomatic positive cases.

Eurofins also offers other cost-effective COVID-19 services including antigen, antibody, and environmental testing to meet a range of needs.
