

Invitation to Apply for the Capacity Building Institute (Year 7)

AUDIENCE

The Capacity Building Institute (CBI) offers an in-depth learning opportunity to professionals across the entire service partnership including direct support staff and supervisors, supports coordinators/case managers and supervisors, agency trainers, managed care organizations, behavior specialists, psychiatrists, professional counselors and therapists, and dual diagnosis treatment teams. CBI participants represent a wide range of agencies including Direct Support Providers, Supports Coordination, State Hospitals, State Centers, Adolescent Residential Treatment Facilities, Autism Supports, Education, Resources and Training Centers, Administrative Entities, and the Health Care Quality Units.

PURPOSE

Many people feel at a loss as to how to best provide support to individuals with a dual diagnosis (individuals with an Intellectual Disability and Autism with co-occurring mental health issues, and challenging behaviors) to lead healthy, happy, and meaningful lives. Current best practices and supportive models that have shown to be most helpful are sometimes beyond the reach of people who work directly with individuals with a dual diagnosis. CBI addresses these issues from an individual and systemic level through training, integration of knowledge into practice, and opportunities to build a statewide cohort to work together to effect change and build capacity. The participants will share individual best practice experiences leading to recommendations to the Office of Developmental Programs and Office of Mental Health and Substance Abuse Services to facilitate a more effective delivery of services across systems.

DISCUSSION

The Capacity Building Institute will meet once a month for a two-day session beginning September 2023 and ending in May 2024. Five sessions will be live, in-person and four will be live, virtual. There is no option to attend virtually when the session is live, in-person. Start and end times differ and are provided on page 2.

Information on how to express interest in participating, session information and requirements are identified on pages 2 and 3.

Directed by Gregory Cherpes MD, ODP Medical Director, and Dr. Beth Barol, CBI brings together a select group of professionals to learn with a faculty of national experts and speakers. CBI training is presented by the Co-Directors of the Institute in conjunction with an array of highly experienced practitioners and innovators in the field.

Training topics include overviews of the following selected topics:

- One-page descriptions
- Healing lifestyle and social therapy
- Biographical timelines
- The impact of trauma
- Psychotherapeutic interventions, including Eye Movement Desensitization and Reprocessing (EMDR) and biofeedback
- Psychopharmacology and diagnosis
- Creative and expressive therapies
- Functional Behavioral Analysis

Tuition

The cost to participate in the Capacity Building Institute is \$800, which must be paid prior to the first CBI session in September. As a part of your paid tuition, coffee and a breakfast snack each morning, lunch, and an afternoon coffee break with snacks will be provided. Dinner will be on your own.

Hotel Reservations

A limited number of rooms at The Penn Stater are available at a group rate of \$139 plus tax. In addition, rooms to be reserved by State Employees through the state travel system are also available on a limited basis. Additional information on making reservations will be provided to Applicants selected to participate in CBI.

Requirements

The Capacity Building Institute emphasizes the participation and collaboration of all participants. Structured group work participation and assignments, 100% attendance, and a final project are required. Meeting with other participants and working outside of session time may be required to prepare the final project. Only the selected Applicant can attend CBI; no substitutions are permitted.

Live, Virtual Meetings

Participants must have access to a computer, camera, and microphone. Participants are expected to be visible on camera during all CBI sessions.

Expressing Interest/Application Process

Each person must complete the [**CBI Year 7 Interest Survey**](#) by 6/16/23 to express interest and confirm their ability to attend all sessions. There are a limited number of spaces available for participants. All Applicants will be notified through email in mid-July as to their admission status.
