

Level of Care Re-evaluation Tool updated to correspond with the Supports Intensity Scale-Adult Version[®], 2nd Ed.

ODP Announcement 24-003

AUDIENCE:

Administrative Entity (AE) Administrators or Directors, Supports Coordination Organizations (SCO), and Other Interested Parties

PURPOSE:

To announce that the Office of Developmental Programs (ODP) has updated the Level of Care Re-evaluation Tool to reflect the changes in the Supports Intensity Scale-Adult Version[®], 2nd Ed.

DISCUSSION:

Since July 1, 2017, the SIS assessment results have been used in the level of care re-evaluation process for waiver participants enrolled in a waiver. Starting January 1, 2024, the re-evaluation process will now utilize the SIS-A 2nd edition information to determine if an individual continues to meet ICF/ID or ICF/ORC level of care.

The purpose of the update is to align the Level of Care Re-evaluation tool with the Supports Intensity Scale-Adult Version[®], 2nd Ed.

CONTACT: Questions about this communication should be directed to the appropriate Office of Developmental Programs Regional Office.
