CHC Eligibility Breakdown

CHC Eligibility Breakdown (July 2023)

Total Number of Participants	Number and Percent Remained MA Eligible in CHC	Number and Percent Remained MA Eligible in other MA	Number and Percent Determined Ineligible	Number and Percent Closed for Procedural Reasons
21,088	15,795 74.9%	1,558 7.39%	1,833 8.69%	1,901 9.01%

- Numbers are point in time as of the analysis run date and may have changed after the run date
- Baseline population includes those MA participants who were being tracked during the PHE
- If Medicaid closes because the renewal was not completed by the due date, an individual has 90 days to return their renewal late, submit missing or alternate documentation, or request reconsideration for DHS to reconsider their eligibility without the need for a new application. An individual can also formally appeal a Medicaid closure within 30 days of receiving their closure notice.

Data Analysis performed in November following the 90-day reconsideration and appeal window
