- ODP has “transition to independent living payments”.
 - **The intent is to incentivize the move from a residential habilitation setting to Supportive Living or Life Sharing.**
 - To support participants to successfully transition from a licensed Residential Habilitation service into Life Sharing or Supported Living services, two one-time per participant, Transition to Independent Living payments will be made to the provider.
 - The Transition to Independent Living payments are applicable for participants transitioning from a licensed home in which Residential Habilitation is provided to 4 or fewer people to a Life Sharing or Supported Living service rendered by the same provider.
 - The first payment will be made after the new Life Sharing or Supported Living service is rendered to the participant. The second payment will be made after the participant has received six consecutive months of Life Sharing or Supported Living service by the provider if the participant is still residing in the setting to which the participant transitioned and is expected to continue residing in that location and receive Life Sharing or Supported Living services.
