

Medication Administration Notification of System Upgrade and Lock-out Period starting October 10, 2024 **Completed**

ODP Announcement 24-064 **Update**

AUDIENCE:

Medication Administration Trainers and Learners

PURPOSE:

To notify Trainers and Learners that the system upgrade for the Medication Administration system **is now live and can be accessed by Trainers and Learners.**

DISCUSSION:

The [Medication Administration system](#) underwent a system upgrade that started **Thursday, October 10, 2024**, and ended **Wednesday, October 23, 2024 at 9:00am**. **The system is now available to learners and trainers.**

As a result of the upgrade, the user experience has been altered. Some functionality has changed, and **documentation about any changes to the learner and trainer workflow will be provided during a webinar for Medication Administration Trainers on 10/25/2024 from 10:00am-11:00am**. Documentation will be available on the site shortly after the webinar has ended. **Trainers can [register for the webinar here](#).**

Most functionality has remained the same, and trainers may create and administer new classes and use the current documentation in the Trainer Resources section as reference.

If you have questions about this upgrade, you may contact the Medication Administration help desk website at www.mahelpdesk.com to log a ticket.
