

Supports Coordinator First Year Training Plan

ODP Announcement 24-106

AUDIENCE:

- Supports Coordinator (SC) Directors and Managers
- SC Supervisors
- SC Trainers
- Supports Coordinators

PURPOSE:

The purpose of this announcement is to provide updates and identify future plans for SC First Year Training including a [new Landing Page on MyODP](#), and topics and training that were previously required in the 2017 SC Orientation.

DISCUSSION:

The Office of Developmental Programs (ODP) released the ODP Supports Coordination Orientation (SC Orientation) curriculum and distributed the ODP Supports Coordination Orientation and First Year Training Plan on 7/1/2023. As described in the Plan, new SC training is provided by ODP and the Supports Coordination Organization (SCO). Where identified, the SCO is responsible for developing, providing, and tracking in the SC's training record, training that is specific to the organization and meets the learning needs of their employees.

The ODP Supports Coordination Orientation and First Year Training Plan identified training requirements and recommendations for all SC's including those supporting individuals receiving services under the Adult Autism Waiver (AAW). Requirements and content applicable to all SCOs were identified in addition to content and requirements specific to either the Intellectual Disability and Autism (ID/A) waivers or the AAW (see below). Training that was available as of 7/1/23 and future training content to be developed by ODP were identified in the July 2023 Training Plan.

QUESTIONS:

Please direct any questions about this announcement to RA-PWODP_OUTREACH@pa.gov.
