

Office of Developmental Programs (ODP) Issues Independent Monitoring for Quality (IM4Q) Information Sheet for Providers

ODP Announcement 25-050

AUDIENCE:

ODP Providers and Other Interested Parties

PURPOSE:

This announcement introduces the creation of and distribution of the IM4Q Provider Information Sheet.

DISCUSSION:

ODP and its IM4Q technical advisors, in collaboration with the IM4Q Statewide Steering Committee, have begun partnering with provider association representatives to enhance provider agencies' understanding of IM4Q and their role in the process. The IM4Q Provider Information Sheet outlines how the IM4Q process works, the ways providers contribute to interviews and follow up on identified considerations, and how to request IM4Q data to support their quality management efforts.
