Abound health was born out of the need to help small providers tackle the challenges of managed care and the ever-changing Medicaid landscape. We formed in 2015 as a merger between OnTarget, an EHR software company and A Small Miracle, a family-owned IDD service provider that was a customer of OnTarget. Together these 2 organizations used their proprietary software, clinical skills, and love of service to children and adults with IDD to create a best-in-class organization. Since that time, abound has steadily executed its mission to empower people by partnering with another 15 high quality agencies in the HCBS services industry. Today, we operate in NC, NJ and PA and serve around 5,000 people each year.
