PURPOSE:

To provide notice that the Federal Supplemental Security Income (SSI) payment will increase beginning in January 2026.

DISCUSSION:

SSI is a federal program that provides benefits to adults and children who meet the SSA's requirements for disability, income, and resources. This income benefit is designed to help qualified individuals meet basic needs for food, clothing, and shelter. Periodically, COLA affects the maximum monthly allotment. Effective January 2026, the SSA increased the SSI allotment by 2.8 percent to reflect an increase in the cost of living. This raises the

maximum monthly income to \$994 for an eligible individual, \$1,491 for an eligible individual with an eligible spouse, and \$498 for an essential person.

There is no anticipated increase in the State Supplementary Payment (SSP) for 2026.

To account for the new COLA, room and board agreements should be reviewed to determine appropriate adjustment. The Room and Board Residency Agreement § 6100.687 (DP 1077) is found on MyODP.org at

<https://home.myodp.org/resources/autism-resources/forms/> or by following this path: Resources > Forms.
