

Notice of Delay in Implementing Fee Schedule Rates for Supports Coordination Services

ODP Announcement 26-046

AUDIENCE:

Administrative Entities
Supports Coordination Organizations (SCOs)

PURPOSE:

To inform SCOs of a 6-month delay in the implementation of new fee schedule rates for SCOs.

DISCUSSION:

On March 7, 2026 ODP published the final *Fee Schedule Rates for Supports Coordination Services Funded Through the Office of Developmental Programs' Consolidated, Community Living, and Person/Family Directed Support Waivers and Targeted Support Management* in the [Pennsylvania Bulletin](#) with an effective date of July 1, 2026.

ODP is delaying the effective date of the published Fee Schedule until January 1, 2027, to allow additional time for transition activities related to the rates changing from 15-minute Fee Schedule Rates to monthly case rates and flat fee-for-service rates. Notice of the change in effective date will be published in a future Pennsylvania Bulletin.

What does this mean?

- ODP is delaying implementation of the changes to Supports Coordination rate structure and related billing practices until January 1, 2027.
- Supports Coordination services will continue to be billed in 15-minute units and HCSIS and PROMISe changes will not be effective until January 1, 2027.

- ODP will provide additional details related to training materials and opportunities in the coming weeks.

QUESTIONS:

Please contact your respective ODP Regional Supports Coordination Lead with any questions regarding this announcement.
